PERSONAL

I'm a Senior Developer based in Madrid, Spain, with over 10 years of professional experience in national and international projects. I have a strong passion for Computer Science, Design, and Art.

I've been developing software since I was 15, working across diverse industries and technologies. I consider myself an ambitious and proactive full-stack developer, capable of tackling any technological challenge and contributing effectively to any phase of a project — from UX and Front-End development to Back-End architecture, server management, testing, and version control.

PROFFESIONAL

- From 2018.
WordPress Lead + Project Manager + Senior Developer
Minsait
I've worked on a wide range of projects for multinational clients such as BBVA, Ayuntamiento de Madrid, Defensor del Pueblo, Guardia Civil, Junta de Andalucía, OIV, Legálitas, etc. Contributing to technical development and project coordination.

Working with Drupal, WordPress, Symfony, JavaScript and more. I've been involved in all phases of development — front-end and back-end development, testing, server maintenance across Linux and Azure, as well as conducting security and performance load audits to ensure system stability and reliability.
- From 2017 to 2018
Drupal Developer
Bilbomática

Developed the European website 'Eurofound' using Drupal, working on both back-end and front-end development. The project involved multiple Drupal versions and was conducted entirely in English, requiring continuous collaboration with international teams.
- From 2015 to 2017
Junior Developer
APTUS Tecnología.

Developed and maintained projects for major companies like McDonald's, leading the first implementation of McDelivery (home delivery service). Utilized PHP and CMS platforms like WordPress and Drupal, including custom theme and plugin development. Worked with JavaScript libraries and frameworks such as jQuery, Vue, and Angular

SKILLS

CMS

Drupal
Wordpress
Joomla
Django

Frameworks

Symfony
Laravel
React
Angular

Programing

PHP
JavaScript
Flutter
Python
JAVA

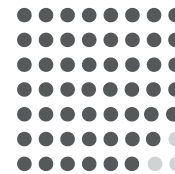

SO

Linux
Windows

Server & others

Apache
Nginx
GIT
Jenkins
Docker
Vagrant
Nagios

Cloud

Azure
GCP
Amazon WS

Knowledges

Microservices.	Interface Design.
UX-UI Design	Photoshop.
Google Analytics.	Illustrator.
Google Ads.	Premiere.
SEO.	Color theory.
SEM.	Typography.
Web usability.	Arduino
